

Dear Parents,

As you remember "Family and Home" was our October theme and guess what, it was so much fun.

All the activities have been really amazing! Some parents visited Innocent Minds and read interesting stories to the children while others did creative cooking and art projects with the kids.

Fairy tale stories were introduced to children through acting

Goldilocks and the three Bears- Bliss/ English

The Three Little Pigs- Hazmieh/ English and French

- The Giant Carrot- Bliss/ French

All throughout the month, teachers helped children explore the parts of the house and learned vocabulary such as: living room, dining room,

Bedroom

Bathroom

Living room

Dining room

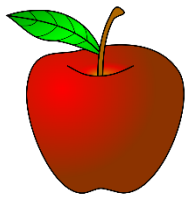

bedroom, bathroom and kitchen.

Kitchen

Moreover, letter A was introduced and kids had fun in matching the letter A to objects that started with that said letter such as:

apple

airplane

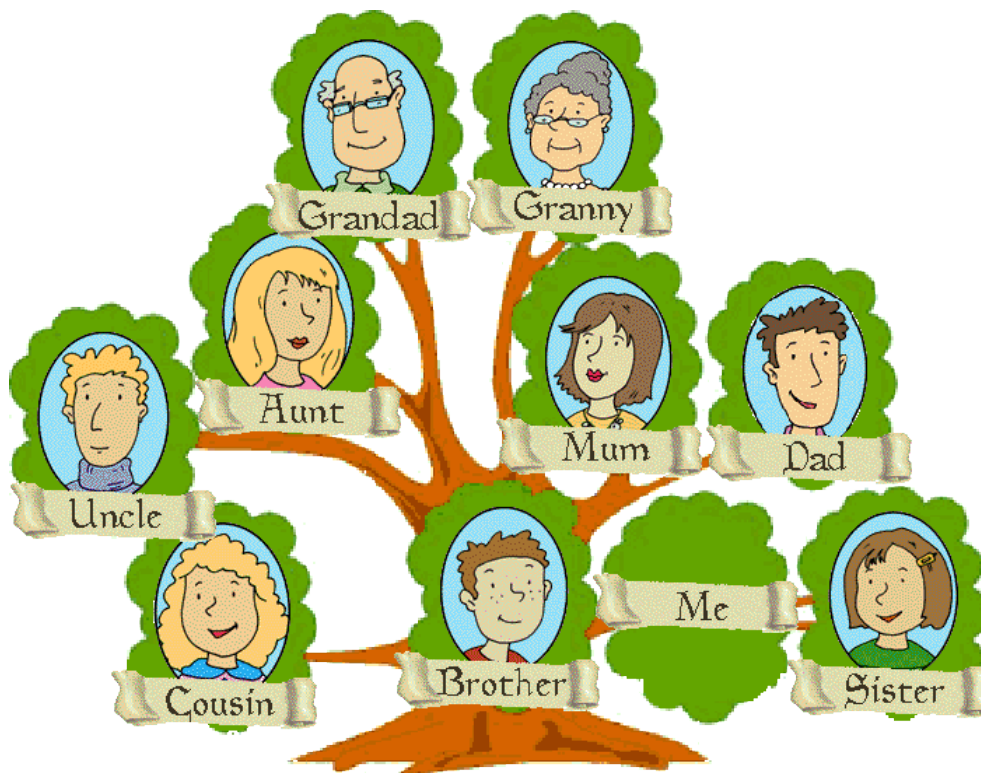

Number 1 was the number of the month. Children played games related to this number such as clapping once, jumping one time.

They also revisited the red color and the circle shape. They even sorted objects according to colors and shapes.

As for new knowledge, they acquired the concept young and old by completing a family tree

Inside/ outside were also objectives tackled through Tom and Feather where kids had to point at objects inside or outside a box.

"Education is a natural process carried out by the child and is not acquired by listening to words but by experiences in the environment." Maria Montessori

Montessori discovery areas were also launched during this month. The aim of this educational methodology is to develop autonomy and independence. The kids performed Montessori Activities such as:

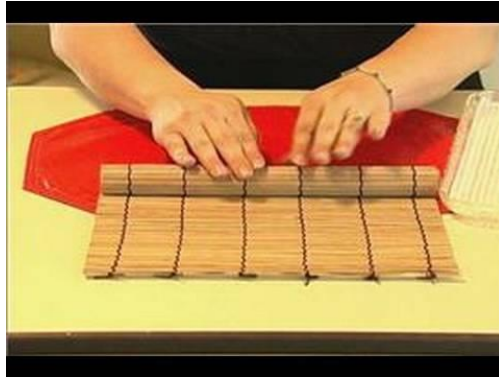

Spooning

Sorting

Rolling/ unrolling of the mat

There will be more practical life activities introduced to our children throughout the year

Our big event of the month was "Halloween". Kids enjoyed carving the pumpkins, baking cookies, making shapes with salt dough. A pumpkin character visited our premises and a big "Halloween Party" was performed with Peppa Pig and his friends in all branches.

Parents, you are probably wondering about the topic of our next month. Well, expect a big variety of activities about Autumn (our next theme)!

Nice ideas for you parents if you would like to visit with your children a garden where they can collect leaves of different colors or take them to the mountain where they can hear the sound of leaves falling down

on the ground. You can also glue leaves on a white paper or sing songs related to the theme such as:

Autumn leaves are falling down

Falling down falling down

Autumn leaves are falling down

Green yellow orange and brown
