

Spring is here with all its beautiful colors and charming weather! Everywhere plants grow and flowers bloom. It's time to go out and discover animals and insects as well as celebrate Teacher's Day and Mother's Day.

Spring and Animals themes were introduced through a variety of fun and inspiring activities. Children learned about the farm, wild and circus animals; their families, their sounds and their products.

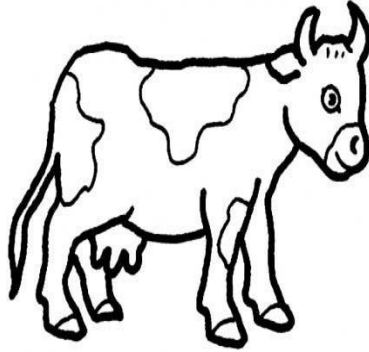

They also welcomed spring with a planting activity and recognized which elements protect the environment.

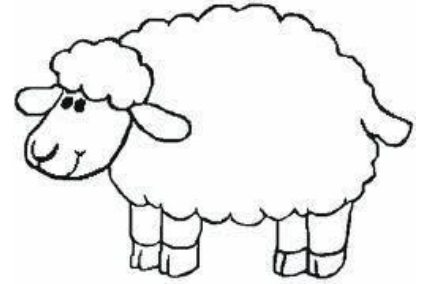

They learned the vocabulary related to this theme while visiting "Parcours des saveurs Farm" and recognized the animal products

In the coming weeks, children will be discovering the Insects and the Wild Animals World. Therefore, it would be nice if they can share with their friends stories about the themes, DVDs, toys, educational games by bringing them to the nursery.
